

RnD Grants Management Portal

CP301 Development Engineering Project(AY 2023-24)

- Under the guidance of Dr. Puneet Goyal

Team T16

Lashyanth:2020csb1083

Sreya:2020csb1087

Vishnu:2020csb1097

Shruti: 2020csb1127

<https://rndgrantst16.onrender.com>

<http://172.30.8.212/>

Idea Description

Project Topic: RnD Grants Management Portal

- The project aims to develop a web-based platform for managing and tracking research and development grants.
- The current system relies on manually updating Excel spreadsheets stored on local office computers, which becomes increasingly challenging as the number of projects and files grow.
- The lack of a centralized system also makes it hard for faculty members and academic office members to access the latest information on specific grants, and generating reports is a time-consuming and complex process.
- The new system will streamline grant management by providing a user-friendly interface for tracking and reporting grant information in real-time.

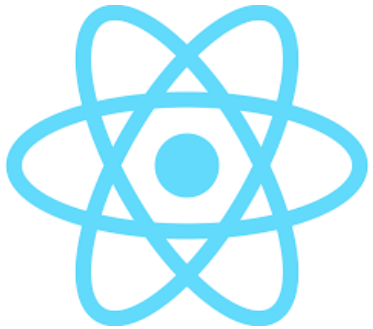

Expectations

- Our goal is to transform the existing R&D grant application into a web-based platform capable of effectively managing grants.
- Resolving any existing system issues to ensure smooth operation.
- Introducing new features, and implementing constraints and security measures to meet the standards set by our university.
- Finally bringing the portal to implementation by taking the feedback of the stakeholders.

Stakeholders

- RnD grants management section – as Admins
- Faculty – as professors
- Fellow

Tech stack or Technologies used

- FRONTEND

React JS

React Bootstrap

Material UI

Sheet JS

- BACKEND

Node JS

Express

Welcome To

RnD Grant Management Portal

LOGIN WITH GOOGLE

Stakeholders or
who can login

- Admin
- Professor
- fellow

- Only users who have access to the website can only login.
- Admin will give the access to the users.

Admin Page

Functionality – *Admin (Dashboard)*

The screenshot displays the Admin Dashboard for the Indian Institute of Technology, Ropar. The interface includes a sidebar on the left with navigation options: Dashboard, Manage Users, and Logout. The main content area features a search bar, a 'Search By' dropdown, and several action buttons: SEARCH, FETCH ALL PROJECTS, ADD NEW PROJECT, IMPORT PROJECTS, and SAMPLE IMPORT. The user is logged in as 'Admin' with the email '2020csb1087@iitrpr.ac.in'.

Annotations highlight the following features:

- User role and details when logged in is mention here**: Points to the 'Admin' role and email address in the sidebar.
- This is the dashboard page for the admin. Which includes features**: Points to the main content area, listing the following features:
 - . Search, Sort
 - . Fetch all projects to view all the project details
 - . Add new projects manually using form
 - . Import projects from excel file
 - . sample import excel file which you can download for reference

Functionality – Admin (Fetch all projects)

Feedback from our Stakeholders

Good evening sir,

I have seen the RnD grants management portal made by the team T16(lashyanth, sreya, vishnu, shruti). It is quiet good and is converging with the actual working of our rnd department and it is resolving many issues which we are facing due to manual processing. They have improved the working of their application with our continuous feedback and it now a ready to use portal.

Acknowledgement

We would like to take this opportunity to express our sincere gratitude to all those who have supported us in the completion of this project.

- First and foremost, we would like to thank my supervisor, Dr. Puneet Goyal for his invaluable guidance throughout the project. His expertise and insights have been instrumental in shaping the direction of this work.
- we would like to express our gratitude to our seniors Vishwam Datta, Ayush Verma, Anshu Kumar, Himanshu Yadav whose project we extended.
- Further we would also like to thank our stakeholders Rnd management section who helped us with continues and valuable feedbacks.

Thank you all for your motivation throughout the course of this project.

Thank you
